Re: Mississippi River Gateway Initiative, June 14, 1994

Dear Mr. Takacs:

As a follow-up to our meeting on June 14, 1994, with the Mississippi River Gateway Initiative, I am enclosing a copy of the Operation New Spirit neighborhood map.

As I indicated to each of you, our office has been working with the various neighborhood organizations, not only in connection with the East St. Louis clean-up, but also in connection with a new violent crime initiative.

The Attorney General has strongly encouraged all of us to look to the neighborhood as the basic unit of organization. Consequently, we would hope that each of you, in dealing with this community, keep in mind the neighborhood structure and try to work within that structure to the extent that you can do so.

Very truly yours,

W. CHARLES GRACE
United States Attorney

BRUCE E. REPERT
Assistant U.S. Attorney
